

## CONTENTS

### ANIMAL WELL-BEING AND BEHAVIOR

- Effects of cold exposure on physiology, meat quality, and behavior of turkey hens and toms crated at transport density  
**Z. A. Henrikson, C. J. Vermette, K. Schwean-Lardner, and T. G. Crowe**.....347
- Analysis of the influences on plumage condition in laying hens: How suitable is a whole body plumage score as an outcome?  
**A. Campe, C. Hoes, S. Koesters, C. Froemke, S. Bougeard, M. Staack, W. Bessei, A. Manton, B. Scholz, L. Schrader, P. Thobe, and U. Knierim**..... 358
- The Quest for Welfare-Friendly Feeding of Broiler Breeders: Effects of Daily vs. 5:2 Feed Restriction Schedules  
**C. Lindholm, A. Johansson, A. Middelkoop, J. J. Lees, N. Yngwe, E. Berndtson, G. Cooper, and J. Altimiras** ..... 368

### Non-Invited Review

- Review of environmental enrichment for broiler chickens  
**A. B. Riber, H. A. van de Weerd, I. C. de Jong, and S. Steinfeldt** ..... 378

### GENETICS AND GENOMICS

- Genomic prediction in a nuclear population of layers using single-step models  
**Yiyuan Yan, Guiqin Wu, Aiqiao Liu, Congjiao Sun, Wenpeng Han, Guangqi Li, and Ning Yang** ..... 397
- Endogenous viral gene *ev21* is not responsible for the expression of late feathering in chickens  
**A. Takenouchi, M. Toshishige, N. Ito, and M. Tsudzuki**..... 403

### IMMUNOLOGY, HEALTH, AND DISEASE

- Short-chain arabinoxylans prepared from enzymatically treated wheat grain exert prebiotic effects during the broiler starter period  
**N. Yacoubi, L. Saulnier, E. Bonnin, E. Devillard, V. Eeckhaut, L. Rhayat, R. Ducatelle, and F. Van Immerseel**.....412
- In ovo injection of ascorbic acid modulates antioxidant defense system and immune gene expression in newly hatched local Chinese yellow broiler chicks  
**H. K. El-Senousey, B. Chen, J. Y. Wang, A. M. Atta, F. R. Mohamed, and Q. H. Nie**.....425
- Effects of dietary supplementation with enzymatically treated *Artemisia annua* on growth performance, intestinal morphology, digestive enzyme activities, immunity, and antioxidant capacity of heat-stressed broilers  
**Z. H. Song, K. Cheng, X. C. Zheng, H. Ahmad, L. L. Zhang, and T. Wang** ..... 430
- Intermittent lighting improves resilience of broilers during the peak phase of sub-clinical necrotic enteritis infection  
**I. Rodrigues, B. Svihus, M. R. Bedford, R. Gous, and M. Choct** ..... 438
- Stinging nettle and neem enhance antibody response to local killed and imported live infectious bursal disease vaccines in indigenous chicken in Kenya  
**M. O. Bwana, L. W. Njagi, P. N. Nyaga, P. G. Mbutia, L. C. Bebor, M. W. Wahome, W. U. Mutinda, and P. M. Kitale**..... 447
- Evaluation of the effect of live LaSota Newcastle disease virus vaccine as primary immunization on immune development in broilers  
**J. C. S. Martinez, W. K. Chou, L. R. Berghman, and J. B. Carey** ..... 455
- Acute phase proteins and stress markers in the immediate response to a combined vaccination against Newcastle disease and infectious bronchitis viruses in specific pathogen free (SPF) layer chicks  
**Haider Kaab, Maureen M. Bain, and Peter David Eckersall**..... 463

An evaluation of the impact of aloe vera and licorice extracts on the course of experimental pigeon paramyxovirus type 1 infection in pigeons D. Dziewulska, T. Stenzel, M. Śmiałek, B. Tykałowski, and A. Koncicki.....	470
Effect of yeast cell wall on the growth performance and gut health of broilers challenged with aflatoxin B <sub>1</sub> and necrotic enteritis N. Liu, J. Q. Wang, S. C. Jia, Y. K. Chen, and J. P. Wang.....	477
Correlation between miRNAs and target genes in response to <i>Campylobacter jejuni</i> inoculation in chicken H. Wang, L. Liu, X. Liu, M. Zhang, and X. Li.....	485
Effect of an artificial <i>Ascaridia galli</i> infection on egg production, immune response, and liver lipid reserve of free-range laying hens N. Sharma, P. W. Hunt, B. C. Hine, J. McNally, N. K. Sharma, Z. Iqbal, C. Normant, N. M. Andronicos, R. A. Swick, and I. Ruhnke.....	494
Avian <i>Metapneumovirus</i> circulation in Italian broiler farms Claudia Maria Tucciarone, Giovanni Franzo, Caterina Lupini, Carolina Torres Alejo, Valeria Listorti, Giulia Mescolini, Paulo Eduardo Brandão, Marco Martini, Elena Catelli, and Mattia Cecchinato.....	503
<b>Non-Invited Review</b>	
Inflammation: friend or foe for animal production? Leon J. Broom and Michael H. Kogut.....	510
<b>Research Note</b>	
Characterization and evaluation of lactic acid bacteria candidates for intestinal epithelial permeability and <i>Salmonella Typhimurium</i> colonization in neonatal turkey poults Y. Yang, J. D. Latorre, B. Khatri, Y. M. Kwon, B. W. Kong, K. D. Teague, L. E. Graham, A. D. Wolfenden, B. D. Mahaffey, M. Baxter, X. Hernandez-Velasco, R. Merino-Guzman, B. M. Hargis, and G. Tellez.....	515
<b>METABOLISM AND NUTRITION</b>	
Effect of different concentrations of dietary P and Ca on plasma inorganic P and urinary P excretion using noncolostomized and colostomized broilers Megharaja K. Manangi, Pramir Maharjan, and Craig N. Coon.....	522
The effect of sexual maturity and egg production on skeletal muscle (pectoralis major and gastrocnemius) protein turnover in broiler breeder pure lines Karen Vignale, Justina V. Caldas, Judy A. England, Nirun Boonsinchai, Phiphob Sodsee, Erik D. Pollock, and Craig N. Coon.....	531
Yellow mealworm larvae ( <i>Tenebrio molitor</i> ) inclusion in diets for male broiler chickens: effects on growth performance, gut morphology, and histological findings I. Biasato, L. Gasco, M. De Marco, M. Renna, L. Rotolo, S. Dabbou, M. T. Capucchio, E. Biasibetti, M. Tarantola, L. Sterpone, L. Cavallarin, F. Gai, L. Pozzo, S. Bergagna, D. Dezzutto, I. Zoccarato, and A. Schiavone.....	540
Efficacy of $\beta$ -mannanase on broiler growth performance and energy utilization in the presence of increasing dietary galactomannan R. E. Latham, M. P. Williams, H. G. Walters, B. Carter, and J. T. Lee.....	549
Assessment of the minimal available phosphorus needs of pullets during the pre-laying period M. Jing, S. Zhao, A. Rogiewicz, B. A. Slominski, and J. D. House.....	557
Effects of corn dried distillers' grains with solubles on performance, egg quality, yolk fatty acid composition and oxidative status in laying ducks D. Ruan, A. M. Fouad, Q. L. Fan, W. Chen, W. G. Xia, S. Wang, Y. Y. Cui, Y. Wang, L. Yang, and C. T. Zheng.....	568
Differences in intestinal size, structure, and function contributing to feed efficiency in broiler chickens reared at geographically distant locations B. U. Metzler-Zebeli, E. Magowan, M. Hollmann, M. E. E. Ball, A. Molnár, K. Witter, R. Ertl, R. J. Hawken, P. G. Lawlor, N. E. O'Connell, J. Aschenbach and Q. Zebeli.....	578

Phytase in starter and grower diets of White Pekin ducks O. Adeola.....	592
Effect of epigallocatechin gallate on growth performance and serum biochemical metabolites in heat-stressed broilers Jingxian Luo, Jiao Song, Longzhou Liu, Bo Xue, Guangming Tian, and Ye Yang.....	599

**MICROBIOLOGY AND FOOD SAFETY**

Risk perceptions of public health and food safety hazards in poultry husbandry by citizens, poultry farmers and poultry veterinarians M. van Asselt, P. M. Poortvliet, E. D. Ekkel, B. Kemp, and E. N. Stassen.....	607
Evaluation of the hygienogram scores and related data obtained after cleaning and disinfection of poultry houses in Flanders during the period 2007 to 2014 H. Maertens, K. De Reu, S. Van Weyenberg, E. Van Coillie, E. Meyer, H. Van Meirhaeghe, F. Van Immerseel, V. Vandenbroucke, M. Vanrobaeys, and J. Dewulf.....	620

**MOLECULAR AND CELLULAR BIOLOGY**

Identification of cells expressing <i>OLFM4</i> and <i>LGR5</i> mRNA by in situ hybridization in the yolk sac and small intestine of embryonic and early post-hatch chicks H. Zhang and E. A. Wong.....	628
--	-----

**PHYSIOLOGY AND REPRODUCTION**

Effects of extremely low frequency electromagnetic fields on turkeys Anna M. Laszlo, Marta Ladanyi, Krisztina Boda, Jozsef Csicsman, Ferenc Bari, Andrea Serester, Zsolt Molnar, Krisztian Sepp, Marta Galfi, and Marianna Radacs.....	634
MicroRNA-122 targets genes related to goose fatty liver Jun Zhang, Qian Wang, Xing Zhao, Laidi Wang, Xingguo Wang, Jian Wang, Biao Dong, and Daoqing Gong.....	643
The dynamic development of germ cells during chicken embryogenesis Seo Yeong Yang, Hong Jo Lee, Hyung Chul Lee, Young Sun Hwang, Young Hyun Park, Tamao Ono, and Jae Yong Han.....	650
Investigating commercial in ovo technology as a strategy for introducing probiotic bacteria to broiler embryos M. D. Triplett, W. Zhai, E. D. Peebles, C. D. McDaniel, and A. S. Kiess.....	658

**PROCESSING AND PRODUCTS**

Processing conditions and endpoint temperature effects on development of pink defect without pink-generating ligands in cooked ground turkey breast James R. Claus and Jong Youn Jeong.....	667
Effect of oregano oil and tannic acid combinations on the quality and sensory characteristics of cooked chicken meat M. Al-Hijazeen, A. Mendonca, E. J. Lee, and D. U. Ahn.....	676
The effect of ATP marination on the depolymerization of actin filament in goose muscles during postmortem conditioning Chang-Yu Zhou, Ying Wang, Dao-Dong Pan, Yang-Ying Sun, and Jin-Xuan Cao.....	684
Effects of replacing soybean meal with chickpea seeds in the diet on mechanical and thermal properties of tendon tissue in broiler chicken. S. Muszyński, M. Kwiecień, M. Świetlicki, P. Dobrowolski, J. Tatarczak, and B. Gładyszewska.....	695
Optimizing the electrical conductivity of marinade solution for water-holding capacity of broiler breast meat P. Kaewthong and S. Wattanachant.....	701
Carcass characteristics, meat quality, and fatty acid composition of wild-living mallards ( <i>Anas platyrhynchos</i> L.) P. Janiszewski, D. Murawska, V. Hanzal, M. Gesek, D. Michalik, and M. Zawacka.....	709
