Centro de Calidad Avícola y Alimentación Animal de la Comunidad Valenciana (CECAV), in collaboration with Centre de Sanitat Avícola de Catalunya i Aragó (CESAC), is calling for a selection process to hire a **research project technician**.

Minimum requirements:

- ✓ Bachelor's degree in subjects related to the poultry production.
- ✓ Wide knowledge of biosecurity and control measures in the poultry sector.
- ✓ Proficient written and communication skills in English and Spanish languages.
- ✓ Driving license B and own vehicle.
- ✓ Proactivity.

Desirable requirements:

- ✓ Experience in research projects under the H2020 framework.
- ✓ Experience in managing technical meetings in English and Spanish languages.
- ✓ IT: Databases, Word, Excel, PowerPoint, Outlook, Statistical software.
- ✓ Independent English User.
- ✓ Residence close to the work centre.
- ✓ Degree in Veterinary Science.
- ✓ PhD studies in subjects related to poultry production.
- ✓ Scientific publications concerning biosecurity knowledge.

Functions:

Under the project manager oversight:

- ✓ Elaboration of technical reports.
- ✓ Biosecurity field surveys management.
- ✓ Oral and written presentations in English and Spanish languages.
- ✓ Management of the Horizon 2020 platform (time sheets, IKL, Milestones, WP, etc).
- ✓ Attendance to training courses.

Offered:

- ✓ Incorporation to a job in a poultry reference centre (CECAV).
- ✓ Incorporation to a young work team and collaboration with prestigious partners.
- ✓ Temporary contract of 20 hours per week in charge of the project (30 months).
- ✓ Remuneration: According to the internal regulations.
- ✓ Training courses provided by the company.

Interested applicants should send **CV** with a **letter of motivation** to the attendance of Sandra Sevilla at comunicacion@cecav.es

Deadline application: 27-01-2021.
